

Carrying an open container of alcohol in your vehicle is illegal in Texas, even if you're not drunk.

Only time will sober a person up. Drinking strong coffee, exercising or taking a cold shower will not help.

Every day in America, another 29 people die as a result of drunk driving crashes. That's one person every 50 minutes.

Every two minutes, a person is injured in a drunk driving crash.

The rate of drunk driving is highest among 26 to 29 year olds.

**BLACKOUT WEDNESDAY**

THANKSGIVING EVE IS ONE OF THE BIGGEST DRINKING NIGHTS OF THE YEAR:

- Bars report sales increases of **270%** on beer and **114%** on hard liquor  
*Source: Upserve*
- Many areas see **SPIKES IN DRUNK DRIVING**

W T F S

[scramsystems.com/thanksgiving](http://scramsystems.com/thanksgiving)

**51%** OF DRUNK DRIVERS say they drink more during the holidays compared to the rest of the year

**92%** OF HIGH-RISK DUI OFFENDERS said 24/7 alcohol monitoring helped them stay sober during the holidays

# DON'T GET BURNED BY THE BIRD

Deep frying your turkey this Thanksgiving? Use these tips to avoid burn injuries and reduce fire risks.

### Don't let the oil overflow

The turkey will displace some of the oil. Make sure when the turkey is submerged that there is at least five inches of space from the oil and the top of the pot. Turn off the burner when putting the turkey in and taking it out to avoid drips into the flame.

### Don't mix oil and water

Your turkey has to be **COMPLETELY** thawed. When water in the turkey meets oil it will cause spatters. Do not try to put out any fires with water, use a class B fire extinguisher instead

### Watch the temperature

Do not let the oil get over **350 degrees**. If it gets too hot it can ignite a fire

### Watch the pot

**NEVER** leave it unsupervised. Keep children and pets away, and establish a "circle of safety" around the pot. Make sure it is on a level surface away from buildings.

### Don't touch it

The pot will be very hot. Also, keep away from the burner flame.

Use turkey fryers outdoors.

Never use them on a wooden deck or in a garage.
